Dear Leaseholder,

Re: Resident Engagement Strategy

Customer safety is our number one priority. We're committed to ensuring your building is managed and maintained to a good standard and you feel safe where you live.

As part of the new Building Safety Act 2022, we're required by law to provide customers with a resident engagement strategy which includes safety information about the building where you live. We want to make sure that you're kept informed, able to participate in decisions relating to your building and there is a clear procedure for you to raise concerns.

How you can help

An important part of the new government legislation is to make sure that every resident over the age of 16 who lives at lona Tower, has a copy of the Resident Engagement Strategy. If you are an A2Dominion leaseholder, who has provided us with a forwarding address, we ask that you make sure your tenants are given this information.

What is a Resident Engagement Strategy?

We have designed a resident engagement strategy for lona Tower to make sure all residents know where to go for information, provide feedback or raise queries. We'll make sure we respond to you in a timely way and with respect.

It provides the following information for your building:
